approval by the

Board of Trustees

BOARD OF TRUSTEE – WORKSHOP MEETING MARCH 25, 2013 - 7:00 PM

1. Call to order

By: Joanne Gaughan, Chairman, at 7:01 P.M.

2. Invocation

By: Becky Earnest

3. Pledge of Allegiance

Led by: Joanne Gaughan, Chairman

4. Roll Call

By: Marion "Molly" Stone, Secretary: Joanne Gaughan, Chairman; Rebecca "Becky" Earnest, 1st Vice Chairman; Philias "Phil" Matton, 2nd Vice Chairman; Marion "Molly" Stone, Secretary; Allison Kelly, Assistant Secretary; Richard Kissinger, Treasurer; Donald Wink, Assistant Treasurer; Rodney "Rod" Lindsay, Trustee; and Harald Albinus, Trustee. All acknowledged their presence. Cheryl Ennis, District Manager was present with Sharon Johnson recording.

5. Announcements by Chairman

Joanne Gaughan asked residents to use the "Suggestions, Problems, Complaints, and Comments" form in the office. She said that residents must include their name and phone number on the form and added that a copy will be given to Molly Stone who will act as liaison, between the office and the person who fills out form until complaint, suggestion, or comment has been satisfied. She said Molly would contact the resident and keep them updated as to what is going on until it is taken care of.

Joanne Gaughan commented on several incidents that happened over the past weekend and said, in regards to pool rules, the ordinance states that children under the age of 16 <u>must be</u> accompanied by an adult and that the only floatation devices allowed in the pools are "Noodles" and "water wings". In addition, she said that when the gate is closed and the pool cover on, NO ONE is allowed in the pool area per order of the Board of Health and pointed out that there is a sign on the gate with this information.

6. Approval of the District Manager's contract

Joanne Gaughan announced that the Board had just received the District Manager's contract and said they had not had enough time to review it. Harald Albinus made a "motion to continue the item to the next meeting in order to give the Board adequate time to review the contract". Becky Earnest seconded the motion. A vote was called. Motion carried.

7. Board Meeting Minutes

Approval of the February 25 and March 11, 2013 Board Meeting minutes.

Page 1 of 6

Becky Earnest made "a motion to approve the February 25, 2013 Board Meeting minutes with corrections". The motion was seconded by Allison Kelly, and corrections noted. A vote was called. Motion carried.

Becky Earnest made "a motion to approve the March 11, 2013 Board Meeting minutes with corrections". The motion was seconded by Harald Albinus, and corrections noted. A vote was called. Motion carried.

8. District Manager's Report

The District Manager's report for the month of March was reviewed by Cheryl Ennis.

Becky Earnest commented on the Deed Restriction notices and said she thinks that the Board should review and see what the issues are before placing liens on the property's.

John LaLima, 1055 Sunflower Lane, questioned the care and maintenance of the grounds equipment.

Carol Helton, 342 Holiday Park Blvd, questioned the Debris Removal Contract. It was explained that it is the Emergency Management Contract for storm debris and emergency management which would be used in the event of a disaster.

Becky Earnest made "a motion to approve the District Manager's report". The motion was seconded by Rod Lindsay. A vote was called. Motion Carried.

9. Pool Cover - Consideration of purchasing a new pool cover and winder system,

The board reviewed the quote for replacing the pool cover and winder by CES. Both Trustees and residents discussed the options. The Board requested that additional quotes be solicited and submitted to the Board for review at the next meeting. Harald Albinus made "a motion to table until the next meeting to try and get other bids". The motion was seconded by Becky Earnest. A vote was called. Motion Carried.

10. Fountain Repair/Replacement

The Board and residents discussed the quote and options for replacing/repairing the fountain. Becky Earnest made "a motion to approve the quote by The Lake Doctors for \$1581.68 which included a 1hp motor". The motion was seconded by Allison Kelly.

Allison Kelly suggested that instead of repairing we should buy a new fountain.

Richard Kissinger said that there is now enough money in the budget for the fountain, due to the changes in District Manager and cutting the staff in the office with a savings of \$27,700, and another \$12,000 from the grounds Health Insurance.

John LaLima, 1055 Sunflower Lane, said that the pond needs a completely new fountain, and that the people in the back deserve a new fountain with lights to beautify the park.

Michael DuPrete, 1041 Laurel Ct, said he was confused about whether we are getting a new fountain or motor for the old fountain.

Robert Shearer, 382 Holiday Park Blvd, asked if the Board was voting on a ¾ horsepower or 1 horsepower motor and questioned whether putting the 1 horsepower will do 300 gals.

A vote was called on the motion made by Becky Earnest. Motion carried.

11. Laundry Equipment – Type of Washer/Dryer – Front and/or Top Load

The quote for laundry equipment was discussed by the Board along with the size washers and dryers and whether or not to go with electric or gas. Joanne Gaughan asked Mr. Kissinger if this equipment was budgeted for the year. The answer was No.

Cheryl Ennis stated that the contract expires May 1st but said after contacting Mac-Gray they had said they would extend contract for 1 year, if the Board wanted that option. Currently the District pays \$229.50 per month, \$2754.00 for the year.

Allison Kelly, stated that by looking at the quote she thought we could get two top load washers and two dryers for \$3221.00, and by going with these we can save \$1300.00, instead of purchasing the front load machines.

Molly Stone stated that the front load washing machine is more efficient on water and has a larger capacity. She said she was afraid that people might try to use the smaller machines for the larger items, ending-up with a bigger issue.

Harald Albinus asked why we are pay for a yearly contract, thought we should get rid of the contract, and buy the machines.

Molly Stone questioned why the board would go to electric if we have existing gas service.

Rod Lindsay wants quotes on gas dryers in order to save on electrical installation. Cheryl acknowledged that she has prices on both and that they are very similar.

Allison Kelly asked Mr. Kissinger what account the money would come from. He stated that it would be coming out of the Contingency Fund and that the Board would just have to move money around.

Donna Matton, 265 Holiday Park, said front load washers need a special soap, and said that you do not use regular soap, as it can disturb the washer.

Rod Lindsay made "a motion to approve the purchase of one front load and one top load washer and the purchase of two gas dryers appropriately sized for each washer". Phil Matton seconded the motion. A vote was called. Motion carried.

12. Reschedule meeting of May 27th Memorial Day.

A motion was made by Becky Earnest to "reschedule the May 27th Board Meeting to Tuesday May 28th". Allison Kelly seconded the motion. A vote was called. Motion carried.

13. Discussion on items to be included in the 2013 - 2014 Budget

Joanne Gaughan said that several Trustees had already given to Mr. Kissinger their wish lists. Mr. Kissinger stated that he will have a budget for discussion at the next meeting and had to wait for the recommended items to be submitted for budget consideration.

Donna Matton, 265 Holiday Park, said, as the ACC Chairman, that the ACC Board was recommending fee changes from the \$25.00 fee for applications, to a \$10.00 across the board fee for applications requiring a building permit. She said the Board is working to make a single simplified application for everyone to use. Donna Matton said she would like the \$10.00 fee to go to the beautification committee.

Carol Helton, 342 Holiday Park, said she wanted to see some consideration, when making the budget, on cleaning the canal that runs thru the park and down to Americana.

Russell Livermore, 399 Holiday Park, thought that the retention ponds pumps should be turned on.

Howard Sprague, 126 Holiday Park, had concerns about the pump for the fountain at Laurel CT.

John LaLima, 1055 Sunflower Lane, had concerns about those maintenance fees that are delinquent, and asked if there were figure as to how many fees went uncollected.

Richard Kissinger said the City of Palm Bay auctions tax certificates, which includes Park fees. We will find out by the next meeting as to how many homes are delinquent.

14. Trustee Reports

Harald Albinus said he would like to put a wireless gadget before the guard shack, on the lane going out, so when a beam is broken an alarm would go off in the gatehouse, giving the staff a warning that someone is about the leave the park.

Allison Kelly said the Research Group for the By-Laws and Ordinances is putting together and updating the Ordinances, and that if any one has questions on Ordinances or By-Laws, a copy is in the office. Job descriptions for employees have been distributed for review by the Board. The only change she had was for each job description to say that three months before a person reaches 65 they must apply for Medicare as their Health Insurance. She said that there is now a Disciplinary Policy which all employees must sign along with their job description. A copy will go into all employees file. Harald Albinus made "a motion to approve all the job descriptions". The motion was seconded by Becky Earnest. A vote was called. Motion carried. Allison Kelly also discussed the possibilities of having Holiday Park fundraiser dinners at Texas Road House.

Molly Stone asked that residents filling out a suggestion form include their name and phone number or she said it will not be addressed. She said that after the two meetings she is very impressed with all the work that this Board is doing.

Becky Earnest said that the ACC board is working on new ACC application forms, and that they have an informational form which is to be included with the new owners packets.

Donald Wink said that the Beautification committee has started working on projects. He said that Pat had repaired the sign for the recreation center and put mulch down. He said if anyone has a suggestion to turn it in to the office, to Patty Peck or to Carol Lewis.

Phil Matton questioned the grounds staffs' activities.

Rod Lindsay said he is working on the roads maintenance committee and the areas he has been working on are the storage compound fence replacement, entrance gate to the maintenance compound replacement, removal of Australian pines near the grounds compound where they are pushing over the fence, scrap metal removal, mower replacement, drainage canal security at costs of \$20-\$30,000 dollars and the roads with costs projected around \$330,000. He said there is a lot going on and it will take time.

Joanne Gaughan said she is working on a future project and said that \$100,000 a year is spent on salaries and workers' compensation for gate staff. Joanne said she would like to see an automatic gate system put in and will bring the numbers back to the board. She also reminded everyone that the meeting for the fence variance is coming up on April 3rd and suggested those living in the area attend.

15. Public Comment

Anita Healy, 116 Holiday Park, asked about the HPPOA flag. She said she had someone ask her about what had happened to a bench that his or her parents had donated. Anita Healey also asked that numbers be placed on the carts used by grounds maintenance for identification purposes.

Carol Helton, 342 Holiday Park, questioned where the 7' fence was going.

Bob Shearer, 382 Holiday Park, said he was told that the reason we have grounds maintenance is to repair lawn equipment and questioned why we needed to purchase additional equipment. He also felt that his grass was being cut too short. He asked what could be worn at the pool and if goggles were allowed at the pool.

Howard Sprague, 126 Holiday Park, asked if anyone had seen the grate for the bocce court.

Jean Beach, 1090 Moonlight, said she put in an order for 10 benches. She asked that the bushes coming in to the park be trimmed.

Marsha Shearer, 382 Holiday Park, asked about the grounds crew smoking on the job.

16. Trustees remarks

Harald Albinus asked if the next maintenance supervisor could be a mechanic. Allison Kelly said that maintenance is included in the job description.

Allison Kelly said she thinks all Board members are taking their jobs seriously and thanked everyone for coming out.

Page 5 of 6

Becky Earnest said that the plants at the entrance needed water. She also commented on people parking in non-designated parking area and said that it needs to be clear for emergency vehicles.

Richard Kissinger thanked everyone for coming out and said he will get answers to questions.

17. Adjournment

Becky Earnest made a motion to adjourn. Rod Lindsay seconded the motion. A vote was called. Motion carried. The meeting adjourned at 8:48PM.

RESOLUTION 2013-01

A RESOLUTION OF PORT MALABAR HOLIDAY PARK MOBILE HOME PARK RECREATION DISTRICT AUTHORIZING THE CHAIRMAN TO EXECUTE A CONTRACT WITH CROWDERGULF JOINT VENTURE, INC. FOR DEBRIS REMOVAL SERVICES; PROVIDING FOR THE PROCESS OF ISSUING A NOTICE TO PROCEED; APPOINTING THE DISTRICT MANAGER AS THE DISTRICT'S REPRESENTATIVE; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Port Malabar Holiday Park Mobile Park Recreation District is a special purpose local government created pursuant to Chapter 418.3 Florida Statues, and

WHEREAS, the Port Malabar Holiday Park Mobile Park Recreation District is geographically located in an area which is periodically subject to Hurricanes and other major storm events producing windblown and accumulated debris which may endanger residents and destroy property, and

WHEREAS, the Port Malabar Holiday Park Mobile Park Recreation District's emergency management plan includes minimizing potential danger to residents by opening roads for access by fire/rescue, medical, police, and other emergency responders, and expediting recovery by assisting in restoration efforts by providing for the removal of potentially hazardous damaged trees and accumulated storm related debris, and

WHEREAS, Chapter 189.4221 Florida Statues provides that Special Districts may obtain certain contractual services utilizing the competitively selected and awarded purchasing agreements of other special districts, municipalities and counties, and

WHEREAS, The City of Palm Bay competitively selected and awarded a contract to Ceres Environmental Services, Inc. for storm debris removal services on July 6, 2012 expiring on May 31, 2013 which has renewed the term of Agreement for twelve (12) additional months, with no price increase, with the same terms and conditions, commencing on April 1, 2013, and termination on May 31, 2014, and

WHEREAS, after reviewing the selection process and the terms and conditions of the City's debris removal contract the Board of Trustees has determined it would be in the best interest of the Port Malabar Holiday Park Mobile Park Recreation District and the public to utilize the City's contact if/when warranted by a major storm.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE PORT MALABAR HOLIDAY PARK MOBILE PARK RECREATION DISTRICT, FLORIDA THAT:

- SECTION 1. The forgoing "whereas" clauses are true and correct and are hereby ratified and confirmed by the Board of Trustees. All exhibits attached hereto are hereby incorporated herein.
- SECTION 2. The Chairman of the Board is authorized and directed to execute on behalf of the District the attached contract with to CrowderGulf Joint Venture, Inc.

Our 16 Mil Ultra Clear Solar Blankets offer ultimate heating potential and superb heat retention at a competitive pricell

In The Swim's 16 Mil Clear Solar Blanket is an excellent and environmentally friendly way to capture energy from the sun and use it to heat your swimming pool. The thickest and most effective Solar Blanket, our 16 Mil Ultra Clear Solar Blanket has been especially designed for superior heat retention so your pool heats faster and stays warm longer. Our 16 Mil Ultra Clear Solar Blanket has the capability to heat your pool water up to 18 degrees, and to keep your water warm longer so you can enjoy a relaxing and comfortable swim day, evening, or

The 16 Mil Ultra Clear Solar Blanket features UV stabilized resin construction and a unique hexagon air pocket design that maximizes its effectiveness, and its aluminized bottom layer helps transfer captured heat to your pool faster. The 16 Mil Ultra Clear Solar Blanket also acts as an insulator and prevents the captured heat from escaping. The 16 Mil Ultra Clear Solar blanket is also effective at reducing chemical loss that could be caused by water evaporation, saving you money; and helps keep debris from falling into your pool, keeping it

- UV stabilized 16 Mil resin construction with hexagon air pocket design
- Aluminized bottom layer for most effective heat transfer
- Raise the temperature of your pool up to 18 degrees and keep it warmer longer
- Use alone or with pool heater to enhance heating capability
- Reinforced, flat seams for enhanced resistance against wear and tear
- Easy to cut with scissors to fit kidney, oval or irregular shaped pools
- Save on chemical costs and cleaning time
- Economical and environmentally friendly 8 year manufacturer's warranty

Horizon HV200 Commercial Grade In Ground Solar Cover Reel

Pool Chemicals Chlorine & Bromine Start-Up Kits Pool Shock Pool Algaecides Pool Clarifiers More... **Pool Equipment** Automatic Pool Cleaners

This Commercial-Grade Solar Reel System offers the same features as the HV100 but has dual tubes to handle even bigger and wider pools! Made with rugged construction and high performance for the most demanding pool owners, its structural design defies the rigors of daily use in commercial settings and it's resilient to the harsh climates of pools located in hot deserts and salt sprayed coastal regions. The reel system sits 36 inches high and is manufactured using all metal components for strength and durability. The system's main components are dual oversized, sag-proof aluminum tubes and aluminum bases coated in corrosion proof gloss enamel. Stainless steel hardware is used throughout, and a solid aluminum handle, oversized, locking castors, and a deluxe quick-release blanket attachment kit round out the features. The reel is available for 3 pool widths of up to 30 ft., 40 ft. and 48 ft. and accomodates blankets up to 90 ft. long.

Features:

- Commercial-grade quality
- Three lengths to fit many pool shapes and sizes
- Tubes are heavy-duty aluminum 5 inch diameter
- Frame is structured aluminum, 36 inches high
- Dual bearings for smooth solar blanket roll up
- Comes complete with stainless steel hardware kit
- includes 4 inch heavy duty locking casters for mobility
- Able to roll over diving boards up to 19 inches from deck
- Includes attachment kit for blanket

Now it's easier than ever to take advantage of the sun's energy to heat your pool with solar pool covers. Solar real attachment kits provide you with everything you need to attach your solar cover to a solar cover reel. By using solar real attachment kits to attach your cover to a reel, you will be making your life far more convenient as it will be easier and faster to cover and uncover your swimming pool each time you use it. Solar reels also allow you to store your solar cover in an organized way that will help to prevent damage to the cover.

In the Swim offers above ground solar reel cover attachment kits as well as in-ground solar cover real attachment kits. Best of all, our solar real attachment kits are economically priced. By making a small investment in a reel attachment kit, you will be able to make a blg difference to how easy and convenient and is for you to use a solar pool blanket to keep your pool warm and to prevent evaporation.

Overall Rating: 🏚 🏚 🏚 🏠 4 out of 5

Good for all solar covers, June 19, 2012

By Aseries from St. Paul, MN (read all my reviews)

Pros: Durable straps and plastic parts. Lasted as long as the cover Cons: Velcro tabs tend to come unglued. I use stainless screws.

"The "Above Ground" kit for my AG pool was useless. The ropes rotted in one year and the plastic disintegrated. The "In Ground" kit works much better. Forget about attaching the straps directly to the cover. Here is what I do: get a 1/2 inch vinyl water pipe the approximate width of the cover. Glue end caps

on so it will float. Pass the straps top to underneath the cover and around the pipe and back up through the buckles. The pipe floats just under the cover and when it is pulled up the cover stays nice and flat and does not bunch so much. When the cover is unrolled the ends tend to curl under the surface. I attach another 18 inch length of capped pipe to each end of the cover. The pipes pull the ends down and help float the ends out the right way."

Straps have a short life, May 29, 2011

By SunnySideUp from Pa. (read all my reviews)

Pros: Easy to attach the straps to the solor cover and solar reel

Cons: All the straps broke in less than 2 years they are made of poor quality material

"The straps are not thick or very wide. All of the straps broke in less than 2 years. I would by thicker/wider straps. I would not buy these again."

Bad description in catalog, September 17, 2009

By degers (read all my reviews)

Pros: It fits any reel

Cons: Hard to install with eyelets

"You show in your catalog one Item with straps and Velcro and send another with cords and wood thread eyelets to install on a metal Reel"

0 of 1 people found this review helpful.

Don't bother., August 4, 2009

By Sparky from Grand Rapids, MI (read all my reviews)

Pros: Nothing

Cons: Weak adhesive

"The adhesive-backed velcro pieces stayed attached to my reel for almost a week! Needs more/stronger adhesive."

Was this review helpful to you? Yes No (Report Inappropriate Review)

In addition, every Mac-Gray customer receives at no additional charge:

Client Extranet

With client extranet you get secure access to all your financial and service information 24/7. You or your administrator can view and download a report of collections and commission payments updated daily. You can also view a comprehensive report of all service requests including date and time of request, type of equipment and problem, requestor comments, and date and time of resolution.

<u>LaundryLinx™</u>

LaundryLinx is a proprietary Web-Based system that provides a customized, easy-to-use method of requesting service. It ensures 100% service report accuracy because each request goes directly into Mac-Grays's service system – without re-entering or interpretation by a dispatcher. This prevents delays common to systems that rely on e-mail or phone requests. Technicians are automatically dispatched which result in faster response. The call is tracked,

generates two e-mail notifications, the first is a time stamped reply with a tracking number acknowledging the service request and the second confirms the problem has been resolved.

Direct Deposit

Electronic payments are a simple, smart way that delivers our commission payments into your checking account. No more paper checks to handle and a host of features, including online presentment of check backup and recent payment history.

For additional information about us please view our website www.macgray.com. We hope that you find our site to be a valuable resource that answers any questions you may have about Mac-Gray which is traded on the New York Stock Exchange under "TUC".

Should you have any further questions or concerns, please call me personally at (321) 696-1241. I look forward to working with you and I'm confident that we will exceed you expectations.

Sincerely,

James Wigfall
District Sales Manager
